

No	Student ID	Project Groups	Comments	Project (average)
1	1101224313	a	You should give some additional datas or documentations that strehghten your explanation about the problem (photos, interview, etc)	92,5
2	1101224329	a		92,5
3	1101224417	a		92,5
4	1101224315	b	you should give the detail explanation related to the telecommunicatian, like system, topology, insfrastructure, etc.	86,5
5	1101224317	b		86,5
6	1101224322	b		86,5
7	1101224362	b		86,5
8	1101224316	c	The idea is interesting, you can discuss more detail about how big the effect ? How about the power level that is safe?	91
9	1101224331	c		91
10	1101224341	c		91
11	1101224441	c		91
12	1101224319	d	you should explain more specific about the solutions, example: about technology, the network structure, etc	85
13	1101224328	d		85
14	1101224364	f	you should give the actual data (from news, etc) to give a strong background about the problem you have to face	90
15	1101224373	f		90
16	1101224408	f		90
17	1101224321	g	You should give some additional data or documentation that strehghten your explanation about the problem (photos, interview, etc)	90
18	1101224357	g		90
19	1101224346	h	you should provide the problem that is close to actual condition, for example the problem around you. It will be interesting, not just 'theory'	85
20	1101224349	h		85
21	1101224365	h		85
22	1101224347	---	-----	0
